

2008 - 2009 Freshman Book List

Please note, an (*) asterisk indicates a new or revised book, or workbook that should be purchased new. The bookstore carries primarily new books. When available, the bookstore purchases books that have been rebound and look virtually new, which are indicated on the price sheet as used books. All refurbished books are in uniform condition and one price applies for each title. Used books are limited. If no new price is indicated, that particular title is available only in the refurbished condition called used. We will fill your order with used books if they are available. If you do not want used books, please write "New Only" in the notes section of the order form. Do not mark or write in the books you purchase until you are certain that it is the correct book for the class you are taking. Books will be accepted for return if they are in their original condition (no marks, clean corners, stiff binding), and are returned within the prescribed time period (By Friday September 12th), and are accompanied by your receipt. Refunds over \$25.00 may be refunded to parents by check. All prices include sales tax and are subject to change without notice.

*******NEVER LEAVE YOUR BOOKS UNATTENDED!!!*******
